SENATE RESOLUTION

MR. PRESIDENT:

I offer the following resolution and move its adoption:

A RESOLUTION urging the establishment of an interim study committee to study the issues pertaining to domesticated deer farms.

Whereas, Current Indiana law requires owners of domesticated deer farms to obtain a game breeder's permit issued by the department of natural resources;

Whereas, Under the current system, the state board of animal health is not notified when a permit is issued for a domesticated deer farm; and

Whereas, Requiring domesticated deer farm owners to obtain a permit from the state board of animal health would allow the board to better monitor the movement of deer between states and provide for testing of such animals to avoid the spread of disease: Therefore,

*Be it resolved by the Senate of the
General Assembly of the State of Indiana:*

1 SECTION 1. That the legislative council is urged to establish an
2 interim study committee to study the issues pertaining to domesticated
3 deer farms.

4 SECTION 2. That the committee, if established, shall operate
5 under the direction of the legislative council and that the committee
6 shall issue a final report when directed to do so by the council.
